To Whom It May Concern:

I am in favor of the CN purchase of the E.I. & E. My main reason is that I am hoping that this will result in less congestion on I-60 + US45 to commuters trying to get to I-24, I-43 and most importantly I-94/294 from the north and west.

I also hope that this will allow METRA to run more trains and use only the inner track (east) to service the Vernon Hills station, eliminating the need for riders to cross the tracks.
